

# Hansen's Eagle Eye Shooting Glasses

<http://www.hansenseagleeye.com>

## ORDER FORM

Hansen's Eagle Eye can process and fill prescriptions for lenses for shooting glasses, however, Hansen's Eagle Eye does not write prescriptions for lenses and will only fill an order if accompanied by a valid prescription.

Mail or fax your prescription to Hansen's Eagle Eye with all the fields filled out *including the pupillary distance, PD*. Please consult your doctor. Prescription lenses are for single-vision plus a special bifocal provided in the lens used for sighting with your scope or iron sights. Be sure to have your eyes tested at front sight distance away for correction needed with iron sights. Normal reading distance correction is used for scoped weapons.
